A MEMBERSHIP ORGANIZATION WORKING FOR ALL CITY RETIREES

## Health Service Committee Report

By Claire Zvanski

The process is beginning to find a replacement for Director Catherine Dodd, whose last day will be March 15. The board will review the job description and the RFP (Request for Proposal) that will be issued to find the best executive search firm. Subcommittee discussions would have to be publicly noticed, so the board president will select only one or two board members separately to perform specific functions (Brown Act and Sunshine Ordinance). It was noted that constituents, especially retiree representatives, are interested in being involved in the process.

### The 2018 rates and benefits process begins:

- The blackout period begins. No board member may communicate in any way with any potential or current vendor until the process is concluded;
- The City Plan administrative fee

## RECCSF General Membership Meeting Date Changes!

Effective 2017, RECCSF General Membership meetings will be held bimonthly.

*This is a necessary austerity measure.*

The RECCSF Board has decided that meetings will be held every other month, starting February, 2017.

Therefore, the meeting schedule for 2017 will be:

- February (nominate new officers)
- April (vote)
- June (installation luncheon)
- August (program to be determined)
- October (health fair)
- December (holiday party)

Bi-monthly meetings will continue to be held at 10 a.m. on the second Wednesday of the month at the United Irish Cultural Center. *News and Views* will continue to be published monthly (except in August) and sent electronically. Email blasts will continue to be sent, when necessary, to update members on critical benefit issues.

# Retirement Committee Report

continued from page 1

- The “funding ratio” was 82.6%, based on market value, and 84.6%, based on actuarial value.
- The payroll for FY2015-16 was \$3.06 billion, an increase of 8.5% over the previous year.

## Contribution Rates for the next Fiscal Year:

- A total contribution rate of 31.03% of salaries is required to fund the pension plan. The city will contribute 20.07% of salaries, and employees will contribute 10.96% of salaries.
- Payroll is estimated at \$3.2 billion, an increase of 9.3%.
- The city will contribute \$637.7 million (an increase of \$87 million).

## Approval of “Basic” Cost Of Living Adjustment (COLA):

- The San Francisco-Oakland-San Jose Consumer Price Index (CPI) had a 3.53% increase for 2016, which is rounded to 4%.
- All qualified SFERS members who retired on or before July 1, 2017 will receive a 2% cost of living adjustment (basic COLA), payable effective July 1 2017. In addition, the 2% difference will be credited to the “COLA bank” for all members who retired prior to July 2, 2017.
- As mentioned in last month’s report, no supplemental COLA will be paid.

## Staff recommends termination of SFERS’s top performing, longest serving international equity manager:

- Capital International currently manages \$229 million in international equities, and has significantly outperformed its EAFE (Europe, Asia, and the Far East) benchmark. Since 1986, Capital International earned 8.15% per year, compounded annually, far exceeding EAFE’s return of 5.91%. From 1986 to 1998, Capital International outperformed EAFE by 7% per year for 13 years.
- Chief Investment Officer Bill Coaker cited “enormous growth of firm assets,” large decline of the firm’s “strategy assets,” “increased focus on retail accounts,” and “staff turnover.” Mike Bowman, a representative of Capital International, refuted these assertions. Mr. Bowman stated that the decline of strategy assets was due to shift from defined benefit (DB) plan assets to defined contribution (DC) assets, citing SFERS’s large commitment to Capital International in its DC Plan.
- The item was continued to the March meeting.

## Rest In Peace

The following members have recently passed away.

Marian Cass	AIR	Robert A. Larsen	GEN
Roy A. De Paolo	DPT	Bette B. Shafae	DPH
Mary Y. Hansen	WTR	Gordon E. Steele	FIRE
Frank M. Kunst	FIRE	Mary E. Zeller	DSS

## Approval of the Budget for FY2017-18:

- Executive Director Jay Huish presented SFERS’s budget totaling \$87 million. The investment division budget is \$63 million, including \$2 million for “incentive pay-retroactive salaries,” and includes several new positions.
- Commissioner Meiberger suggested allocating \$30,000 for an external audit of the deferred compensation (DC) plan, a one-time cost of \$1 per participant. Commissioner Driscoll said this was unnecessary because assets are verified when we terminate administrators every five years.
- The item was continued to the March meeting.

## Increased Secrecy for staff’s meetings:

- The executive director presented the Travel Expense Report, which failed to disclose with whom staff had met.
- Commissioner Meiberger noted that this was the first time this has been done, and voiced his concerns for this lack of transparency.

## Commissioner Meiberger’s last meeting:

- Commissioner Meiberger congratulated Al Casciato on winning his election, and thanked members for their support throughout his 25-year tenure on the board.

# President's Message

By Claire Zvanski

**Money.** Even the new “sharing economy” thrives on it! Barter still exists, but on a limited scale. So, it’s back to money.

We are very fortunate. Our defined benefit retirement plan provides us with a lifetime income. (Many other retirees hope to not outlive their investments that remain subject to the whims of Wall Street). We also have lifetime health benefits. (Of course, affording these benefits is a different discussion, and there is no federal protection).

The only benefits subject to the whims of Wall Street are our COLAs. The *regular* COLA is subject to the local consumer price index, while the *supple-*

*mental* COLA depends solely on those variables producing the 7.5% return or 100% market rate funding—depending on when you were hired.

It is highly probable that the city will propose charter changes in the next election that would further reduce our benefits. You might think that your current pension is protected, but it all depends on what is proposed. The city learned its lesson, and will likely propose creative changes not subject to federal protections.

RECCSF needs your financial support to continue to be your voice, advocate and representative. Please send your donations and bequests to **Friends of RECCSF**, 3915 Irving St., San Francisco, CA 94122-1294, so that RECCSF can continue to: publish *News and Views*; represent *your* interests at the retirement and health service boards; and monitor city policies.

Thanks in advance for your support. RECCSF is a 501.c(4) and donations are not tax deductible.

## Health Service Committee Report

- is now set at \$3 per member, per month, including two added benefits for actives;
- The rate stabilization policy and amount was set, which helps supplement the premium cost to keep the City Plan affordable for actives and early retirees;
  - Review of the City Plan claims experience verified sustaining the plan, attracting more members, and justified moving Medicare members into a fully-funded option (the New City Plan). The City Plan is thriving; and
  - AON Hewitt (actuaries) compared HSS plan designs with national employers including government, proving that HSS provides significantly superior benefits at lower co-pays and costs.
- The City’s budget process is mov-

ing forward, and departments are asked to submit budgets with 3% reductions each year for the next two years, FYs 2017/18 and 2018/2019. The board approved its budget submission today, noting that cuts will be made in the Wellbeing program to meet FY2018/2019 reduction requirements.

The move of Medicare members into the New City Plan MAPD (Medicare Advantage Plan with Drugs) where dependents were not Medicare eligible allowed dependents to remain in Blue Shield (split families). The transition caused some issues but Blue Shield has now resolved them all.

Pamela Johnson is the new communications manager. She came from

MTA and DPW, and also ran her own public relations firm.

HSS is closely watching the federal scene with President Trump’s nomination for secretary of the department of health and human services, Representative Tom Price (R-GA). He is opposed to price negotiations for drugs, and supports reducing Medicare and Medicaid spending along with repealing the ACA (Affordable Care Act).

Lastly, the 2017 demographics report has been completed. It reveals where all HSS members reside, including retirees.

## A Farewell Message

RECCSF members and friends, thank you very much for your 25 years of support! It has been a pleasure listening to and learning from you.

I was proud to support enhancing benefits for the pre-1996 retirees, and I sincerely hope that they ultimately prevail.

I’ve enjoyed working with Sheila Mullen, Jean Thomas, Claire Zvanski, and Herb Weiner in the writing and production of the regular *News & Views* Retirement Committee Report. I that hope the articles have been educational and informative.

The Retirement System has undergone significant changes in recent years in its shift toward an “endowment culture.” There will be even more significant changes in the future. I sincerely hope that retirees remain active, vigilant, and involved.

Thank you for your support and encouragement.

*Best wishes,  
Herb Meiberger, CFA*

# Protect Our Benefits

By Skip McKinney

*Protect Our Benefits is an independent political action committee that falls under the provisions of the San Francisco Ethics Commission. The opinions are those of the writer.*

On Jan. 27, 2017, Superior Court Judge Mary Wiss ruled in favor of the city, which allows them to hold the pre-1996 retirees to the requirement of section A8.526-3 (d)—that supplemental COLA benefits be paid out only if SFERS is fully funded. This was not unexpected. The court argued that if the charter retains this mandate the retirement board has no authority to exempt pre-1996 retirees from the full funding requirement. Ironically, this is the same mandate that was determined to be *invalid*, as it was ruled a change and not a clarification of the 2008 voters as the city contended in the POB vs. CCSF suit—which then allowed the post-1996 retirees to be exempt from the full funding requirement.

Controller Ben Rosenfield sent the retirement board a letter requesting that the board study the proposed statement of decision. He stated that

the “board members will conclude that the court of appeals will not come to a different conclusion than the superior court...but should the board continue with this litigation, the city will pursue all avenues at its disposal to recover its cost.”

The board did study the proposed statement of decision, and, contrary to the conclusions of the controller’s office, voted to appeal the decision to the appellate court.

As of the June 20, 2015 actuarial evaluation, there were approximately 8,300 members who retired prior to Nov. 6, 1996. As a result of deaths, SFERS retiree membership decreases by approximately 80 members per month. These pre-1996 members are among our most senior and vulnerable, whose retirement benefits average about \$3100 a month before taxes and health insurance. Be assured that POB remains steadfast in its position that all retirees be treated the same with regard to the supplemental COLA as envisioned by the voters on Nov. 5, 1996.

Speaking of the controller’s office, POB would appreciate that they pursue all the same avenues at its disposal so that POB could recover its *past-due*

costs from our victory in the POB vs. CCSF, as it is so eager to do with the retirement board.

It has come to POB’s attention that there may be some confusion with the transition to the United Healthcare plan. The big problem seems to be terminology. If you encounter a problem, please contact HSS at 1 (415) 554-1750 or United Health Care at 1 (877) 259-0443.

Also new in 2017, you are eligible for in-depth medical reviews by world-renowned medical services experts, or for concerns about treatment plans. Please refer to Page 29 of your 2017 health benefits booklet, or call 1 (866) 904-0910.

By now, you know that we have a new trustee on the retirement board. Al Casciato received 9,855 votes (or 62%) to Herb Meiberger’s 6,119 votes (or 38%).

Congratulations to Al, and thanks to Herb for your years of dedicated service to the Retirement Board.

Herb, good luck with your future endeavors.

Al, good luck with your new activities and watch out for the “heat-seeking missiles” that come with your new position.

As always, POB will keep you inform of any developments that arise. Visit POB’s website, [protectourbenefits.org](http://protectourbenefits.org) or Facebook.

As you can see, we have more fights ahead; and, unfortunately, this takes money. Your contributions are not tax deductible, but most appreciated. Please mail them to POB at Box 32007, San Francisco, Calif. 94132

“Remember: “United we stand; divided we fall.”

# Looking for a New Car?

*From Your Friends at San Francisco  
Federal Credit Union*

Spring is a great time to “start fresh,” and, for many people, that means buying a new car. Use this checklist as a guide to finding your new vehicle:

- **Get pre-approved for a loan at the credit union.** Pre-approval allows you to enter the car-buying process with a clear idea of what you can afford. When you stop in for a pre-approval, we can also discuss other products and services that can streamline the car-buying process.
- **Prioritize in writing.** Make a list of important car features. Start with “must-haves,” or features you need in a vehicle. Next, list “nice-to-haves,” or features you’d enjoy but could do without. Bring your list to the

dealership as a reminder.

- **Head to the dealership.** Remember that you’re in charge; don’t let sales-people pressure you. If they do, ask to work with someone else. Before you test-drive a vehicle, inspect it. Look under the hood, find the spare tire and open the trunk.
- **Compare and research.** If you find a car you like, don’t feel pressured to buy it the day you drive it. Take time to compare prices and research the value of your trade-in: And feel free to stop back in and see us if you’d like additional guidance on whether you’ve found the right deal.
- **Settle on a price and buy your car.** Get copies of all documents, and don’t drive the car home until all the financials are complete.

For details on our vehicle products and services, call us at 1 (415) 775-5377 or visit [SanFranciscoFCU.com](http://SanFranciscoFCU.com).
